This notice is to advise you of an incident that concerns the University community.

Incident: Attempted Burglary

On Thursday, May 12, 2016, at approximately 1:30 a.m., a sleeping female student was awakened by the sound of her window being tampered with by someone outside her ground floor residence in Little Hall. When she got up to look out the window, she saw what she described as a light-skinned, college-age male with dark hair, wearing glasses and a gray hooded sweatshirt. The male saw her at the window and fled the area.

Officers from the Department of Public Safety (DPS) and the Princeton Police Department (PPD) searched the area and were not able to locate the suspect. DPS will continue to check the area.

If you have information relevant to this incident, please contact the Department of Public Safety at 609-258-1000.

The Federal Clery Act requires that where a university determines that there is an immediate threat to the health or safety of students or employees occurring on campus, the university must follow its emergency notification procedures. Princeton University is issuing this safety alert in accordance with its procedures.

The Federal Clery Act requires that universities with a campus public safety agency create and maintain a daily log, recording all alleged crimes reported to its police or security department, including the nature, date, time, and general location of each alleged crime and the disposition of the complaint. This log must be available for public inspection, except where disclosure of this information is prohibited by law or would jeopardize the confidentiality of a victim. DPS prepares the “Clery Daily Crime Log,” and it can be found on the DPS website at: http://web.princeton.edu/sites/publicsafety.

The Federal Clery Act also requires that universities with an on-campus student housing facility maintain a written fire log that reports any fire that occurred in an on-campus student housing facility. When a fire occurs in an on-campus student housing facility, a “Clery Daily Fire Log” will be attached to the “DPS Director’s Daily Report” and available for public inspection at 200 Elm Drive.

Also attached, when appropriate, are a “Daily Crime Summary” (listing items on the “Clery Daily Crime Log” with additional details for the benefit of University administrators), “Daily Incident Summary” (listing non-criminal incidents reported to the Department of Public Safety) and “Daily Fire Alarm Summary” (listing incidents related to fire alarms and carbon monoxide alarms). These three reports, which are not required by the Clery Act, are for internal use only and are not available for public inspection.

Emergency: 9-1-1 on campus or (609) 258-3333 off campus or cell phones

Non-emergencies: (609) 258-1000
