To: Angelo J. Onofri  
    Mercer County Prosecutor

From: Duncan Harrison, Associate Director  
    Princeton University Department of Public Safety

Date: January 24, 2020

In compliance with the Attorney General Directive 2018-2 Statewide Mandatory Random Drug Testing, the Princeton University Police Department randomly tested a minimum of 10% of the agency's sworn officers during the 2019 calendar year out of the department's total number of thirty-two (32) sworn officers. The test details are as follows:

Sworn officers were randomly selected to undergo drug testing on November 26, 2019, and on December 19, 2019. On December 13, 2019, all collected specimens were turned over to the State Toxicology Laboratory, located at 325 Norfolk Street, in Newark, NJ for testing. We are awaiting the pending results from the State Toxicology Laboratory.

Duncan W. Harrison, Sr.  
Associate Director, Princeton University Department of Public Safety
